

Question: How to unlock King Song electric unicycle

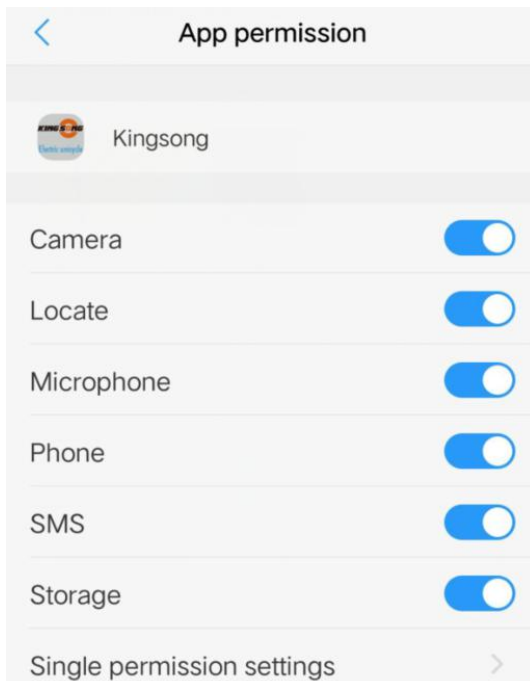

Solution: Use Kingsong App to unlock

1. Scan the code, or scan code on unicycle pedal with mobile or tablet browser, download and install Kingsong App.

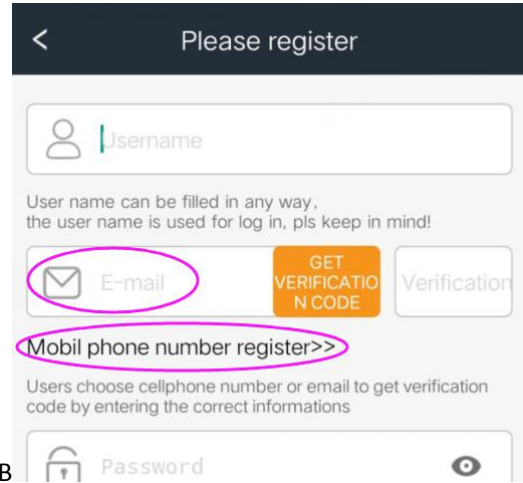

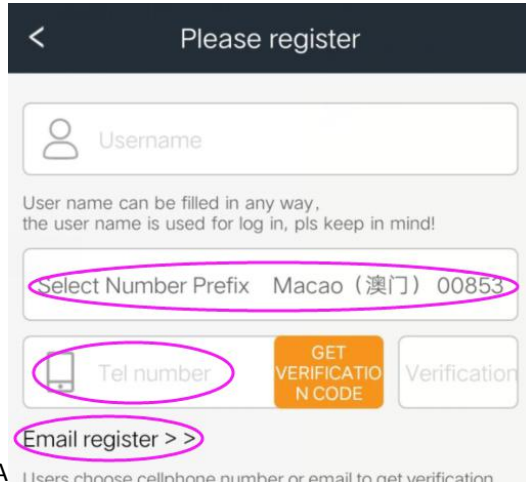

Or download and install Kingsong App from King Song official website www.kingsong.com with mobile, tablet or laptop.

2. Go to mobile 'Settings'-->'More settings'-->'Permission management', find Kingsong APP, allow for all permissions.

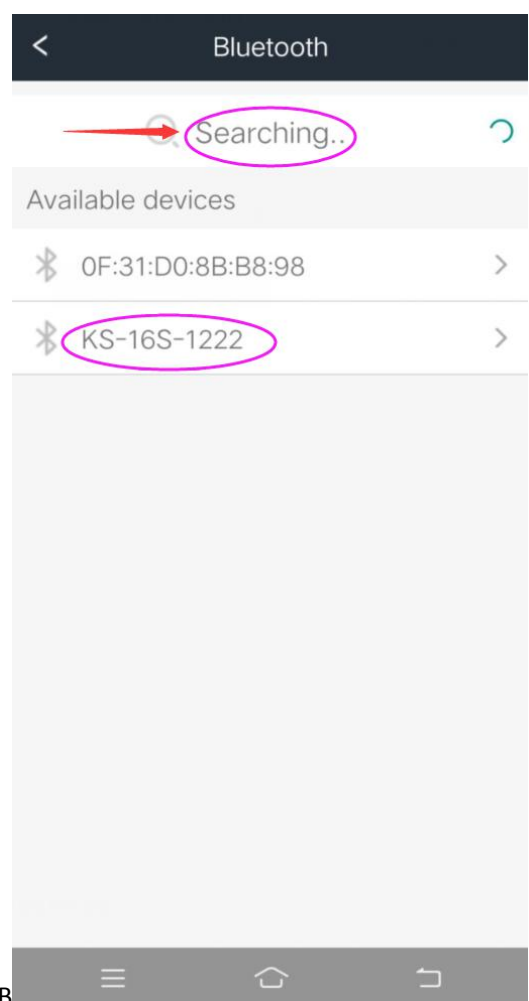

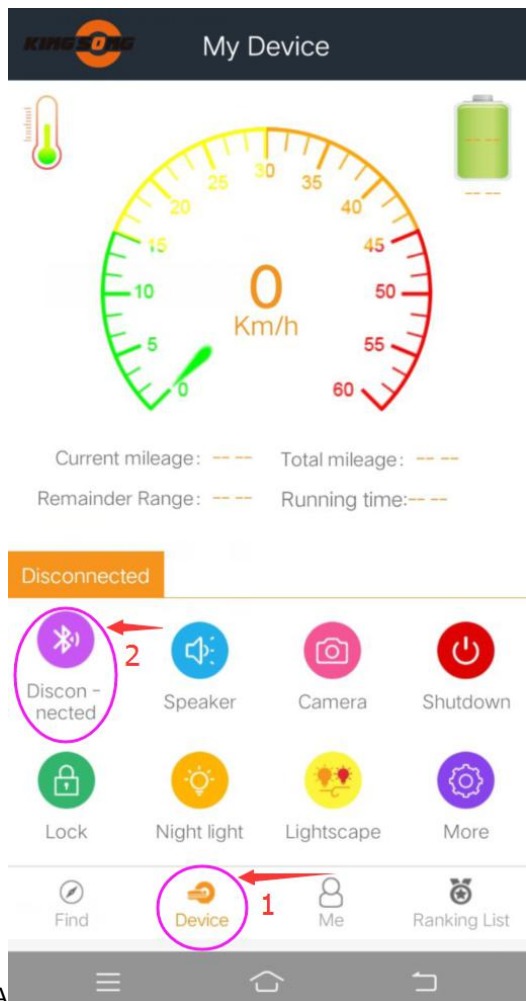

3. (If you already have account, then ignore this step)

Open the App, register an account with your mobile number or email, it takes time to get the verification code, please kindly wait it patiently.

4. Switch on the unicycle, log in the App, click 'Device'-->> 'Disconnected'-->>'Searching...', find the model of your unicycle, click the model to connect the unicycle.

5. After connected successfully, you will hear two beeps, and you will have your device name displayed on the screen. Click 'Unlock' key to unlock the wheel, then you can enjoy your wheel.
